

Zerust[®] Tube Strip VCI Diffuser

Zerust[®]/Excor[®] Tube Strip can help reduce repair and maintenance costs by preventing corrosion within tubes, pipes and gun barrels. Tube Strip is a flexible plastic product that diffuses Zerust[®] Vapor Corrosion Inhibitors (VCIs). It can be cut to any length and fits into narrow tubes and pipes and other enclosed spaces.

A Zerust[®] ICT[®] Tube Strip VCI Diffuser tubing is made with proprietary Zerust[®] formulations to protect ferrous metal tubes and pipes up to 2 inches in diameter from corrosion. Zerust[®] Tube Strip is flexible, durable and can be trimmed to the length needed. They provide protection in tightly sealed tubes and pipes for up to 2 years. Zerust[®] ICT[®] Tube Strips are also perfect for protecting gun or rifle barrels.

Zerust[®] Tube Strips are easy to install. Simply insert the Tube Strip inside a ferrous tube or pipe, and cap the ends tightly. VCI molecules diffuse from the Tube Strip and saturate the air inside of the pipe, protecting interior surfaces from corrosion. Zerust[®] Tube Strip products do not leave residue or powder. Removal is quick, just uncap the pipe or tube and remove the Tube Strip. Zerust[®] Tube Strip may be used with Zerust[®] corrosion inhibitor liquids and packaging such as ICT[®] weapon bags for additional long-term storage protection. Check with your local Zerust[®]/Excor[®] representative for the best corrosion protection system for your metal assets.

Application Example

A Zerust[®] Tube Strip is trimmed to just longer than the barrel of the pistol. It is then placed into an airtight gun case to provide protection from corrosion.

Benefits

Safe* and effective corrosion protection where traditional anti-corrosion methods can not be used.

Easy to install and remove

Does not leave behind residue or powder

Suitable for new equipment and to protect the reliability of existing equipment.

Application Type

Storage
Shipping
May be used with Zerust[®] Packaging

*Safe for people. This product does not pose a health hazard to users due to its classification as an article according to UN GHS, US OSHA HazCom and CA WHMIS regulations. Check REACH SDS for classification in EU.

Specifications

Product Information	Zerust®/Excor® Tube Strip is a flexible, hollow, plastic tube impregnated with Zerust® VCI chemistry.
Attributes	Diameter of product is .25 in (6.3 mm) Yellow is the standard color. Other colors and diameters available upon request. Minimum order quantities apply.
Protection Volume	Tube Strip will protect a volume of up to 2 in (5 cm) diameter pipe.
Protection Duration	Up to 2 years
Storage	Store in a cool, dry place and away from sunlight for up to 2 years from the date of shipment.
Protected Metal Types	Ferrous metal protection for steel, iron, and its alloys.
Vapor Inhibiting Ability (VIA)	Pass (NACE TM0208)

Availability

Zerust® Tube Strip are in stock for immediate delivery, sold in rolls.

Part Number

475-F-00001 1000'/roll

Safety

- Safe for people. This product does not pose a health hazard to users due to its classification as an article according to UN GHS, US OSHA HazCom and CA WHMIS regulations. Check REACH SDS for classification in EU.
- Zerust® VCI chemistry is safe for sensitive electronics. No galvanic effects, residues or changes in the properties of metals. The protective molecules dissipate upon opening of package.

DECLARATION

This Data sheet and information it contains is considered to be accurate at the date of printing. No representation or warranty, expressed or implied is made as to the accuracy or completeness of the data and information contained in this publication. It is the User's obligation to evaluate and use products safely and within the scope advised in the data sheet and to comply with all applicable laws and regulations.

LIMITED WARRANTY

All statements, technical information and recommendations contained herein are based on validations and tests conducted by Northern Technologies International Corporation/Zerust® or its partners and are believed to be reliable, but the accuracy or completeness thereof is not guaranteed. We warrant our products will be free from defects when shipped to customer. Our obligation under this warranty shall be limited to replacement of product that proves to be defective. To obtain replacement product under this warranty, the customer must notify Northern Technologies International Corporation/Zerust® or its partners or agent of the claimed defect within 3 months after shipment of product to customer. Customer shall pay all freight charges for replacement products. We shall have no liability for any injury, loss or damage arising out of the use of or the inability to use the products. And any financial claims shall be limited to the value of the film sold. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith. No representation or recommendation not contained herein shall have any force or effect unless in a written document signed by an officer of the company. The foregoing warranty is exclusive and in lieu of all other warranties, express, implied or statutory, including without limitation any implied warranty of merchantability or of fitness for a particular purpose. In no case shall Northern Technologies International Corporation/Zerust® be liable for incidental or consequential damages.
